CHAIR SENTARA

The Sentara catering chair combines Scandinavian clarity with a presence that immediately catches the eye. The characteristic indentation in the backrest acts as a subtle design statement and gives the chair an unmistakable signature. Elegantly angled back legs provide lightness and a refined silhouette that visually opens up the room. The frame finish in antique pewter brings a noble, slightly vintage feel while remaining pleasantly unagitated. This is matched by two easy-care faux leather versions that easily withstand everyday life in the catering and hotel industry while looking high-quality at the same time. Thus, Sentara fits effortlessly into many interior design concepts – from modern to cozy, from urban to classic.

• Scandi design with signature detail: The striking indentation in the backrest makes Sentara immediately recognizable
• Noble frame finish: Antique pewter ensures a high-quality, slightly vintage look with modern lightness
• Catering-suitable & easy-care: Two durable faux leather variants stay beautiful and are quickly clean again
• Scandi design with a signature detail: The distinctive recess in the backrest makes Sentara instantly recognisable
• Premium frame finish: Antique pewter delivers a high-quality, subtly vintage look with contemporary lightness
