ARMCHAIR **EDOR**

The robust Edor outdoor chair made of glass fibre-reinforced polypropylene is UV-resistant, weatherproof and designed for professional use in the contract sector. Thanks to the integrated drainage, no water collects on the seat surface – ideal for outdoor areas that are used all year round. The chair has a load capacity of up to 160 kg, offering sufficient safety and stability even in high-traffic areas. Space-saving and stackable, it is perfect for hospitality, hotels, canteens and event areas. Available as a classic Chair or as an Armchair, the range offers maximum flexibility in seating arrangements. The excellent price-performance ratio makes it a cost-effective alternative to metal or wooden furniture.

- Weatherproof & UV-resistant for long-term professional use outdoors.
- With water drainage and stackable – ideal for efficient outdoor seating.
- Supports up to 160 kg, available as a Chair or Armchair, offering excellent value for money
