TABLE ROUNDIC

The Roundic round table-bench combination is a robust meeting point for the hospitality sector, commercial spaces and public areas. Two separate, semicircular seating surfaces made of powder-coated aluminium provide seating for 8-10 people and allow for comfortable sitting down without having to lift the legs or climb over benches. Slots integrated into the tabletop and seating surfaces allow rainwater to drain away, so everything can quickly be used again. Weather-resistant, easy-care materials and the parasol hole in the centre (for our Halina parasol) make the seating group ideal for heavily frequented outdoor areas. The combination is delivered disassembled and can be easily assembled.

- Separate seat halves – sit down comfortably without clambering
- Integrated slots – rainwater runs off, dries quickly again
- Central Parasol hole – table serves as a practical Parasol base

Product details

Identity number:	102FGB
Model:	Roundic
Product type:	Table
Table top:	aluminium
Frame / foot:	aluminium
Frame colour / foot:	anthracite powder-coated
Area of use:	outdoor

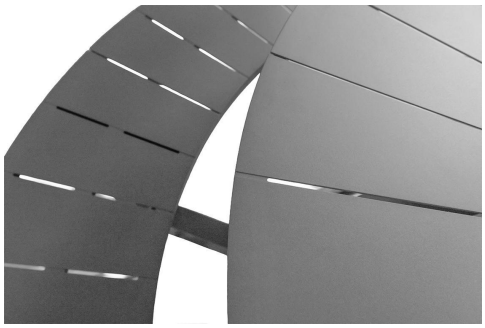

Technical specifications

Table top:	aluminium
Overall width:	250 cm
Overall depth:	250 cm
Overall height (approx.):	77 cm
Seat height:	46 cm
Panel size:	168 cm (Durchmesser)
Seat depth:	34 cm
Assembly condition:	not assembled
Table frame size:	250 cm x 250 cm (LxW)
Height:	77 cm
Width:	250 cm
Depth:	250 cm
Weight:	87 kg
