

ARMCHAIR **MALVON**

Malvon combines an open, slender round-tube design with a noticeably high level of seating comfort thanks to the enveloping, rounded backrest and the ergonomically padded seat. The robust yet delicate steel frame ensures stability and, despite its slim appearance, supports loads of up to 160 kg. Particularly distinctive are the metal finishes: Antique Brass appears warm and deep with a subtly patinated character, while Antique Tin has a cooler, matte, modern look. These are complemented by two harmonious upholstery worlds – bouclé in olive for a homely, textured feel, or Vintage Grey faux leather with a subtle vintage look that is easy to care for and hard-wearing. This makes Malvon easy to integrate flexibly into a wide variety of hospitality concepts, from a cozy café to a clean-lined bar. A well-considered mix of elegance, everyday practicality, and design freedom.

• High seating comfort: Enveloping round backrest and ergonomically padded seat ensure relaxed sitting even over long periods.

• Stable despite filigree design: Robust steel frame with a slim appearance, load capacity up to 160 kg.

• Design freedom: Characterful finishes (Antique Brass / Antique Tin) combined with bouclé olive or easy-care Vintage Grey faux leather.

• High seating comfort: Curved, wraparound backrest and ergonomically padded seat ensure relaxed seating even over long periods

ARMCHAIR **MALVON**

• Stable despite its delicate look: Robust steel frame with a slim profile, supports up to 160 kg

• Design freedom: Distinctive finishes (Antique Brass / Antique Pewter) combined with Bouclé Olive or easy-care faux leather Vintage Grey
