Cadre en aluminium robuste, facile d'entretien et revêtu par poudrage

The matching coffee table for the Sivonda lounge combines a sturdy, powder-coated aluminum frame with an extremely durable HPL tabletop. The scratch-resistant, impact-resistant, and easy-care surface is UV-resistant and its durability corresponds to HPL materials according to DIN EN 438 for kitchen worktops. This makes the table ideal for heavily frequented areas in the hotel and gastronomy sector – both indoors and outdoors. The clear, understated design fits perfectly into the organic language of forms of the lounge and harmoniously rounds off the overall look.
